MEDICAL.

WEALTH.

If they only could, many rich men would exchange the W in wealth and write H in its place, and so change wealth into health. It's the saddest thing about riches that in acquiring them men often ruin their health and at their prime are doomed to live "perked up in a glistering grief and wear a golden sorrow. The trouble is generally with the stomach. In the rush for riches there's no consideration for the future. The stomach and other organs of digestion and nutrition become diseased, and then begins the time and varied sufferings of the man with a stomach trouble.

Yet this condition can be cured. The stomach and other organs of digestion and nutrition can be restored to a normal condition of sound health. Thousands testify that Dr. Pierce's Golden Medical Discovery, strengthens the stomach, purifies the blood, and makes him a healthy, happy man. No alcohol or other intoxicant is contained in "Golden Medical Discovery."

Those who suffer from what the doctors call indigestion, and after trying several eminent physicians failed to get a cure, writes Mr. Frank M. J. of Box 22, Independence, Jackson, Mo.: "Some of my symptoms were soreness of the stomach, fullness, tired feeling, and some of the worst stomach troubles I ever had. Some one recommended me to take Dr. Pierce's Golden Medical Discovery, which I did. I took only a few bottles of 'Discovery' and my 'Pleasant Pellets' can say I am now a healthy man. I began to gain in weight from the start. Have recommended it to all my friends and will continue to do so."

Dr. Pierce's Pleasant Pellets do not become a necessity to the system they have relieved of accumulations and obstructions.

THE COLORED VOTERS.

The colored politicians are preparing to fight the movement to eliminate the colored vote of Virginia through a constitutional convention. Circulars have been printed and sent broadcast throughout the State calling for a convention to be held at Charlottesville on August 22 to deal with this and other questions affecting the interests of the negroes. These circulars are signed by prominent negroes, most of them from Richmond. Following is a copy of the circular letter: "Governments derive their just power from the consent of the governed. We, the undersigned citizens of Virginia, in view of the recent call for a constitutional convention in this State, promoters of which proclaim that the chief end in view is to curtail the vote of the colored citizen without interfering with that of the white man, notwithstanding he may possess no more of the requisites of exercising the elective franchise than his back neighbor, feel that we should confer as to our duty in this matter and in a collective way. At least, let our neighbors know how we feel the injustice of the act proposed after all the years of toil and labor we have spent in helping to build up the waste places of the old commonwealth, by felling her forests, building her railroads, excavating her canals, beautifying her cities and filling the soil."

"Therefore we invite at least five persons from each county in the State to meet in conference in the city of Charlottesville on Wednesday, August 22, 1900, to confer in regard to this matter and do such other things as our interests may demand. We ask all persons who will attend this conference to write and send their names on or before August 15 to Robert Cox, 806 Eighth street, Lynchburg, Va., so that we may know whom to expect and have them met and properly cared for during their visit in the city."

"We hope to see our best men from every walk of life at this gathering, so that our conclusions may be in every respect representative of the race's intellectual and moral worth."

HISTORIES.—The history committee of the Grand Camp of Confederate Veterans held a meeting in Richmond yesterday. The attendance was slim and little was done. The resignation of Dr. Hunter McGuire as chairman was sent in, but the committee declined to accept it. Grand Commander Bolling appointed Judge George L. Christian as acting chairman.

The fact was brought out that Fiske's History of the United States, which the committee has been trying so hard to have taken from the list of public school books, is used in the primary schools of only one county in the State. The book is used in the high schools of several cities, but the State board of education cannot prescribe the books to be used in such schools. A great majority of the schools use Lee's and Jones's histories, to which there is no objection on the part of ex-Confederates.

The members of the committee, however, recommend that communications be addressed to the secretaries of the various county school boards requesting that Fiske's and Cooper Estill and Lemon's histories be not used in the common primary schools.

SINews of WAR.—Now that the Cabinet has decided that it can use all the money appropriated by Congress last year for the State, War and Navy Departments for prosecuting the campaign in China, the resources are ample. The Treasury holds today more gold than ever in the history of the government. Including the gold reserve of \$150,000,000, the gold holdings today are \$427,490,492. Meanwhile, the war is costing money. The expenditures for the War Department were an even half million, and for the twenty-three days of the month \$11,000,000. The era of monthly surpluses of receipts over expenditures has ceased, and the deficit for this month is already over two millions.

IN CONFUSION. Oh prosperous times is the false cry. For the country is in confusion. 'Neath the trust mowers' yoke the people are broke. Yet still they try delusion. Shall we be slaves to pauper knaves, Whose cravings are never ended, Shall honest people sweat and toil To see their rights suspended?

The blood of our sons in a stream now runs In many a foreign nation, To grieve the eyes of demagogues And boom the administration. Bryan's man to save the land And cleanse it from pollution, With heart and hand we'll join his band And uphold the Constitution.

After many intricate experiments scientists have discovered methods for obtaining all the natural digests. These have been combined in the proportion found in the human body and united with substances that build up the digestive organs, making a compound called Kodol Dyspepsia Cure. It digests what you eat and allows all dyspepsia to eat plenty of nourishing food while the stomach troubles are being radically cured by the medicinal agents it contains. It is pleasant to take and will give quick relief.

An Epidemic of Diarrhoea.

Mr. A. Sanders, writing from Coconut Grove, Fla., says there has been quite an epidemic of diarrhoea there. He had a severe attack and was cured by four doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy. He says he also recommended it to others and they say it is the best medicine they ever used. For sale by all druggists.

DOES IT PAY TO BUY CHEAP?

A cheap remedy for coughs and colds is all right, but you want something that will relieve and cure the more severe and dangerous results of throat and lung troubles. What shall you do? Go to a warmer and more regular climate? Yes, if possible; if not possible for you, then in either case take the ONLY remedy that has been introduced in all civilized countries with success in covering throat and lung troubles, "Boschee's German Syrup." It not only heals and stimulates the tissues to destroy the germ disease, but always inflammation, causes easy expectoration, gives a good night's rest, and cures the patient. Try ONE bottle. Recommended many years ago by all druggists in the world. For sale by Ernest L. Allen, Claud M. Lennon, Warfield & Hall, Charles G. Lennon, W. F. Creighton & Co., and Richard Gibson.

To Cure Constipation Forever. Take Chamberlain's Candy Cathartic. 10c or 25c. It cures all cases of constipation without injury.
